Women's Apron

Tailored Safety And Convenience

The Edge Women's Apron is designed to provide tailored comfort and protection for female farriers. Providing all the same features as the Men's variant but designed to accommodate key anatomical differences such as wider hips, the Edge Women's Apron is available in short and long options.

Manufactured from a mix of ripstop canvas and leather, these aprons are designed to provide lightweight protection and ultimate comfort, and they do so at a price point that is kind to your purse.
